ZONING BOARD OF ADJUSTMENT

6:30PM, MAY 12, 2020

AMENDED AGENDA

The Zoning Board of Adjustment will meet on Tuesday, May 12, 2020 via WebEx. Real-time public comment can be addressed to the Board utilizing WebEx virtual meeting software for remote access. This will allow users to view the meeting and ask questions to the Board via the chat function. The public is also encouraged to submit their comments via email (planning@nashuanh.gov) to the Department email or by mail (please make sure to include your name/address and comments) by 5:00 p.m. on May 12, 2020 and read into the record at the appropriate time. Letters should be addressed to City of Nashua, Planning Department, P.O. Box 2019, Nashua, NH 03061. Plans can be viewed online starting May 7, 2020, at www.nashuanh.gov in the Calendar or Agendas and Minutes.

To access WebEx:

<https://nashuanh.webex.com/nashuanh/j.php?MTID=mbbd8d1258c1e9e61d1459ea80be96984>

Meeting number/access code: **718 193 567** - Password: **TUeGrKmK334**

To join by phone: **1 (408) 418-9388** - Meeting number/access code: **718 193 567**

If you are not able to connect to WebEx, please contact the Planning Department at (603) 589-3056.

1. Mary Lee Allison (Owner) KASP Builders, LLC (Applicant) 26 Lovell Street (Sheet 100 Lot 63) requesting variance from Land Use Code Section 190-16, Table 16-3 to encroach 3.5 feet into the 20 foot required rear yard setback to remove an existing deck and construct an attached 20' x 50.5' one-story addition on right side of house. RC Zone, Ward 6. **[TABLED FROM THE APRIL 28, 2020 MEETING. WITHDRAWN BY APPLICANT.]**
2. Neil G. Schmidt (Owner) 21 Countryside Drive (Sheet D Lot 171) requesting the following variances from Land Use Code Section 190-16, Table 16-3: 1) to encroach 3.4 feet into

the 30 foot required front yard setback (on Colonial Avenue); and 2) to encroach 4.1 feet into the 30 foot required front yard setback (on Countryside Drive) - both requests to construct an attached 24'x26' two-car garage with rooms above. R30 Zone, Ward 5.

3. Jack Whitman & Whitman Family Revocable Trust (Owner) Patricia Whitman (Applicant) 460 Broad Street (Sheet F Lot 968) requesting variance from Land Use Code Section 190-192 (C) to exceed maximum 24-foot wide driveway curb-cut - 30 feet proposed. R9 Zone, Ward 1.
4. J. & P. Ferreira Family Trust (Owners) 3 Birchwood Drive (Sheet 54 Lot 20) requesting special exception from Land Use Code Section 190-15, Table 15-1 (#3) to allow a 24'x28' attached addition for an accessory (in-law) dwelling unit. RA Zone, Ward 3. **[POSTPONED TO THE MAY 26, 2020 MEETING.]**
5. Rivier University (Owner) John Parker, Rivier University (Applicant) 413 South Main Street (Sheet 110 Lot 28) requesting use variance from Land Use Code Section 190-15, Table 15-1 (#97) to convert an existing residential use into an administrative office use. RA Zone, Ward 6.
6. Colinbrooke Homes (Owner) 133 Amherst Street (Sheet 60 Lot 65) requesting variance from Land Use Code Section 190-17 (B) to allow four principal structures on one lot - one existing - three additional single-family detached homes proposed for a total of four single-family detached units. RA Zone, Ward 2.
7. Kathy L. Cyr & Maureen F. Heffern (Owners) 39 Scott Avenue (Sheet B Lot 1515) requesting variance from Land Use Code Section 190-192 (C) to repave existing driveway - three individual driveway sections totaling 42'-9" in width. R18 Zone, Ward 8.

OTHER BUSINESS:

1. Review of Motion for Rehearing:
2. Review of upcoming agenda to determine proposals of regional impact.
3. Approval of Minutes for previous hearings/meetings.

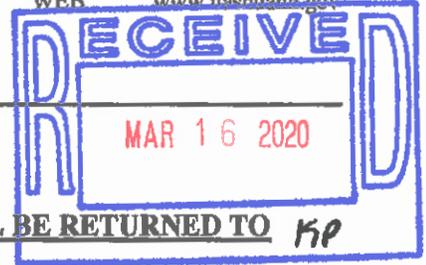

"SUITABLE ACCOMMODATIONS FOR THE SENSORY IMPAIRED

WILL BE PROVIDED UPON ADEQUATE ADVANCE NOTICE."

 Land Use Code Section(s) Requesting Variances From: 190-16, table 16-3

III. PURPOSE OF REQUEST

Answer all questions below. Provide as much information as available to give the ZBA the necessary facts to review your case. Attach additional sheets if necessary. See "Procedures for Filing a Variance" for further information.

- 1. Granting of the requested variance will not be contrary to the public interest, because: (The proposed use must not conflict with the explicit or implicit purpose of the ordinance and that it must not alter the essential character of the neighborhood, threaten public health, safety, or welfare, or otherwise injure "public rights.")

We are requesting INSTEAD OF 20' SET BACK AT the back of property 16' 1/2. A DIFFERENCE OF 3' 1/2' we feel will not be contrary to the public interest.

- 2. The proposed use will observe the spirit of the ordinance, because: (The Proposed use must not conflict with the explicit or implicit purpose of the ordinance and must not alter the essential character of the neighborhood, threaten public health, safety, or welfare, or otherwise injure "public rights.")

We feel this 3' 1/2' variance will not alter the character OF the neighborhood + will observe the spirit OF THE ORDINANCE.

- 3. Substantial justice would be done to the property-owner by granting the variance, because: (The benefits to the applicant must not be outweighed by harm to the general public or to other individuals.)

3' 1/2' variance will not harm the general neighborhood

- 4. The proposed use will not diminish the values of surrounding properties, because: (The Board will consider expert testimony but also may consider other evidence of the effect on property values, including personal knowledge of the members themselves.)

It will not diminish the values of the surrounding properties because if you look at the Plot PLAN all 3 abutters have have buildings closer or equal to current set backs.

5. Special conditions exist such that literal enforcement of the ordinance results in unnecessary hardship, because: (The applicant must establish that because, because of the special conditions of the property in question, the restriction applied to the property by the ordinance does not serve the purpose of the restriction in a "fair and reasonable" way. Also, you must establish that the special conditions of the property cause the proposed use to be reasonable. The use must not alter the essential character of the neighborhood. Alternatively, you can establish that, because of the special conditions of the property, there is no reasonable use that can be made of the property that would be permitted under the ordinance. If there is any reasonable use (including an existing use) that is permitted under the ordinance, this alternative is not available.

THE HOMEOWNER IS RETIRED AND HAS DECIDED TO HAVE A 1ST FLOOR Bed + BATHROOM AS WELL AS CLOSER CONTACT TO HER DETACHED GARAGE BECAUSE OF WINTER CONDITIONS. We also 'Feel 3 1/2' will not alter the neighborhood.

IV. USE VARIANCE ADDITIONAL INFORMATION

Please answer all questions below that are applicable. Your answers to these questions will allow staff to better understand your request.

- a. Total number of employees Number of employees per shift
- b. Hours and days of operation
- c. Number of daily and weekly visits to the premises by customers, clients, vendors and solicitors
- d. Number of daily and weekly commercial deliveries to the premises
- e. Number of parking spaces available
- f. Describe your general business operations:

g. Describe any proposed site renovations, including, but not limited to – landscaping, lighting, pavement, structural changes, signage, access and circulation:

I hereby acknowledge that I have read this application and state that the above is correct and agree to comply with all the city ordinances and state laws regulating construction. I understand that only those point specifically mentioned are affected by action taken on this appeal.

Land Use Code Section(s) Requesting Variances From: _____			

III. PURPOSE OF REQUEST

Answer all questions below. Provide as much information as available to give the ZBA the necessary facts to review your case. Attach additional sheets if necessary. See "Procedures for Filing a Variance" for further information.

- 1. Granting of the requested variance will not be contrary to the public interest, because: (The proposed use must not conflict with the explicit or implicit purpose of the ordinance and that it must not alter the essential character of the neighborhood, threaten public health, safety, or welfare, or otherwise injure "public rights.")

We are seeking to build onto our existing home in a way which will maintain the character of the current home and neighborhood. There will be no effect on the surrounding traffic or pedestrian safety.

- 2. The proposed use will observe the spirit of the ordinance, because: (The Proposed use must not conflict with the explicit or implicit purpose of the ordinance and must not alter the essential character of the neighborhood, threaten public health, safety, or welfare, or otherwise injure "public rights.")

The proposed plan for the new addition will maintain the character of the existing home and neighborhood. On the Countryside Drive frontage, the proposed addition will extend naturally from the existing structure with only a 4.1 feet of encroachment into the R30 setback. On the Colonial Avenue side, the minor encroachment proposed is 3.4 feet. Both frontages are from the existing property line which is 10 feet from the current pavement. These encroachments do not impact the property lines of other neighbors. A sight triangle of greater than 20 feet on both frontages is maintained.

- 3. Substantial justice would be done to the property-owner by granting the variance, because: (The benefits to the applicant must not be outweighed by harm to the general public or to other individuals.)

The existing structure is among the smallest in the neighborhood and the additions will bring this home in line with other homes in the neighborhood while maintaining the current character of the home and neighborhood.

- 4. The proposed use will not diminish the values of surrounding properties, because: (The Board will consider expert testimony but also may consider other evidence of the effect on property values, including personal knowledge of the members themselves.)

The existing structure is among the smallest in the neighborhood and the additions will bring this home in line with other homes in the neighborhood, while maintaining the current character of the home and neighborhood. We would expect that in addition to the value of our property increasing, the values of those properties in the neighborhood will be enhanced.

5. Special conditions exist such that literal enforcement of the ordinance results in unnecessary hardship, because: (The applicant must establish that because, because of the special conditions of the property in question, the restriction applied to the property by the ordinance does not serve the purpose of the restriction in a "fair and reasonable" way. Also, you must establish that the special conditions of the property cause the proposed use to be reasonable. The use must not alter the essential character of the neighborhood. Alternatively, you can establish that, because of the special conditions of the property, there is no reasonable use that can be made of the property that would be permitted under the ordinance. If there is any reasonable use (including an existing use) that is permitted under the ordinance, this alternative is not available.

We consider our request for a variance to be reasonable. The proposed addition to the house will NOT extend further beyond the current structure on the Countryside Drive frontage. On the Colonial Avenue frontage, the encroachment is only 3.4 feet, a distance that neighbors and passers-by should not notice, especially as the property line is set back an additional 10 feet from the street/pavement. The proposed addition contains a double-car garage which is sized to fit common family vehicles in production at this time. The size of the proposed garage is in line with other homes in our neighborhood and will allow us and future owners of this property adequate space for family vehicles. There is no other place on our property that we can put this garage that will be both aesthetically pleasing and functional without impinging on other property lines and changing the character of the home.

IV. USE VARIANCE ADDITIONAL INFORMATION

Please answer all questions below that are applicable. Your answers to these questions will allow staff to better understand your request.

- a. Total number of employees Number of employees per shift
- b. Hours and days of operation
- c. Number of daily and weekly visits to the premises by customers, clients, vendors and solicitors
- d. Number of daily and weekly commercial deliveries to the premises
- e. Number of parking spaces available
- f. Describe your general business operations:

- g. Describe any proposed site renovations, including, but not limited to – landscaping, lighting, pavement, structural changes, signage, access and circulation:

I hereby acknowledge that I have read this application and state that the above is correct and agree to comply with all the city ordinances and state laws regulating construction. I understand that only those point specifically mentioned are affected by action taken on this appeal.

GENERAL SPECIFICATIONS FOR WOOD CONSTRUCTION

GENERAL REQUIREMENTS

- A. Owner/Contractor is responsible for insuring that all construction is in compliance with all State and Local Building Codes. All Drawings must be reviewed and verified by Owner/Contractor prior to starting any construction. All dimensions and structural members noted on plans and sections must be reviewed by Owner/Contractor and all construction materials and methods approved by the Local Building Official prior to construction.
- B. It is understood that if there are any discrepancies found on the drawings, the Designer shall be notified and given ample time to revise the drawings as necessary prior to starting any construction.
- C. All Contractors, Sub-Contractors, suppliers and fabricators shall be responsible for the supply and design of appropriate materials and workmanship as shown on the drawings.
- D. All manufactured articles, materials and equipment shall be applied, installed, erected, used, cleaned, and conditioned in strict accordance with manufacturers' recommendations.
- E. Design Loads:

1.	Main Floor	Live Load	40 psf
		Dead Load	10 psf
2.	Upper Floor	Live Load	40 psf
		Dead Load	10 psf
3.	Roof Load	Live Load	60 psf
		Dead load	10 psf
		Ground snow load	70 psf

SITework

- A. Perform excavation according to good construction practices to the lines, grades and elevations indicated on the drawings (finished grade brought to approximately 8" below all and slope away from structure). All unsuitable materials and organic material under footings shall be removed and replaced with clean fill.
- B. Provide continuous foundation drainage at perimeter of excavated areas using 6" diameter pipe and appropriate fittings. Cover with a minimum of 8" course gravel and slope 1/2" per foot to point of drainage.
- C. All retaining type walls and slopes are the responsibility of the site contractor to provide a properly drained finished site.
- D. All landscaping per owner/contractor.

CONCRETE

- A. Provide concrete complying with ASTM C94. Unless otherwise noted, concrete shall have the following 28 day minimum compressive strengths:

Concrete footings and piers	3000 psi
Concrete walls	3000 psi
Concrete slabs on grade	3000 psi
- B. Unless otherwise noted, all slab on grade shall be 4" thick minimum and placed over 8" minimum sand or gravel compacted in one (1) foot lifts.
- C. Footing sizes shown are typical only for stated soil pressure and consistent compaction. Contractor shall be responsible for footings complying with governing codes and frost requirements, and meeting the design requirements of specific soil requirements.
- D. Anchor pressure treated (2) 2x6 sill plates on foundation sealer with metal anchor straps at 3'-6" o.c. maximum or 1/2" x 12" bolts. If additional plates are used, insure that extended bolts are used.

WOOD AND PLASTICS

- A. Provide all lumber and materials meeting or exceeding the following standards of quality:
 1. Allowable stresses for framing members:

a. Modulus of elasticity	1,400,000 psi (sp#2 or better)
b. Flexural stress allowable	575 min
c. Horizontal shear stress	135 psi
d. Bearing allowable	425 psi
e. Compression	725 psi
 2. All headers and beams shall be free from splits, checks, and knots.
 3. Sheathing:

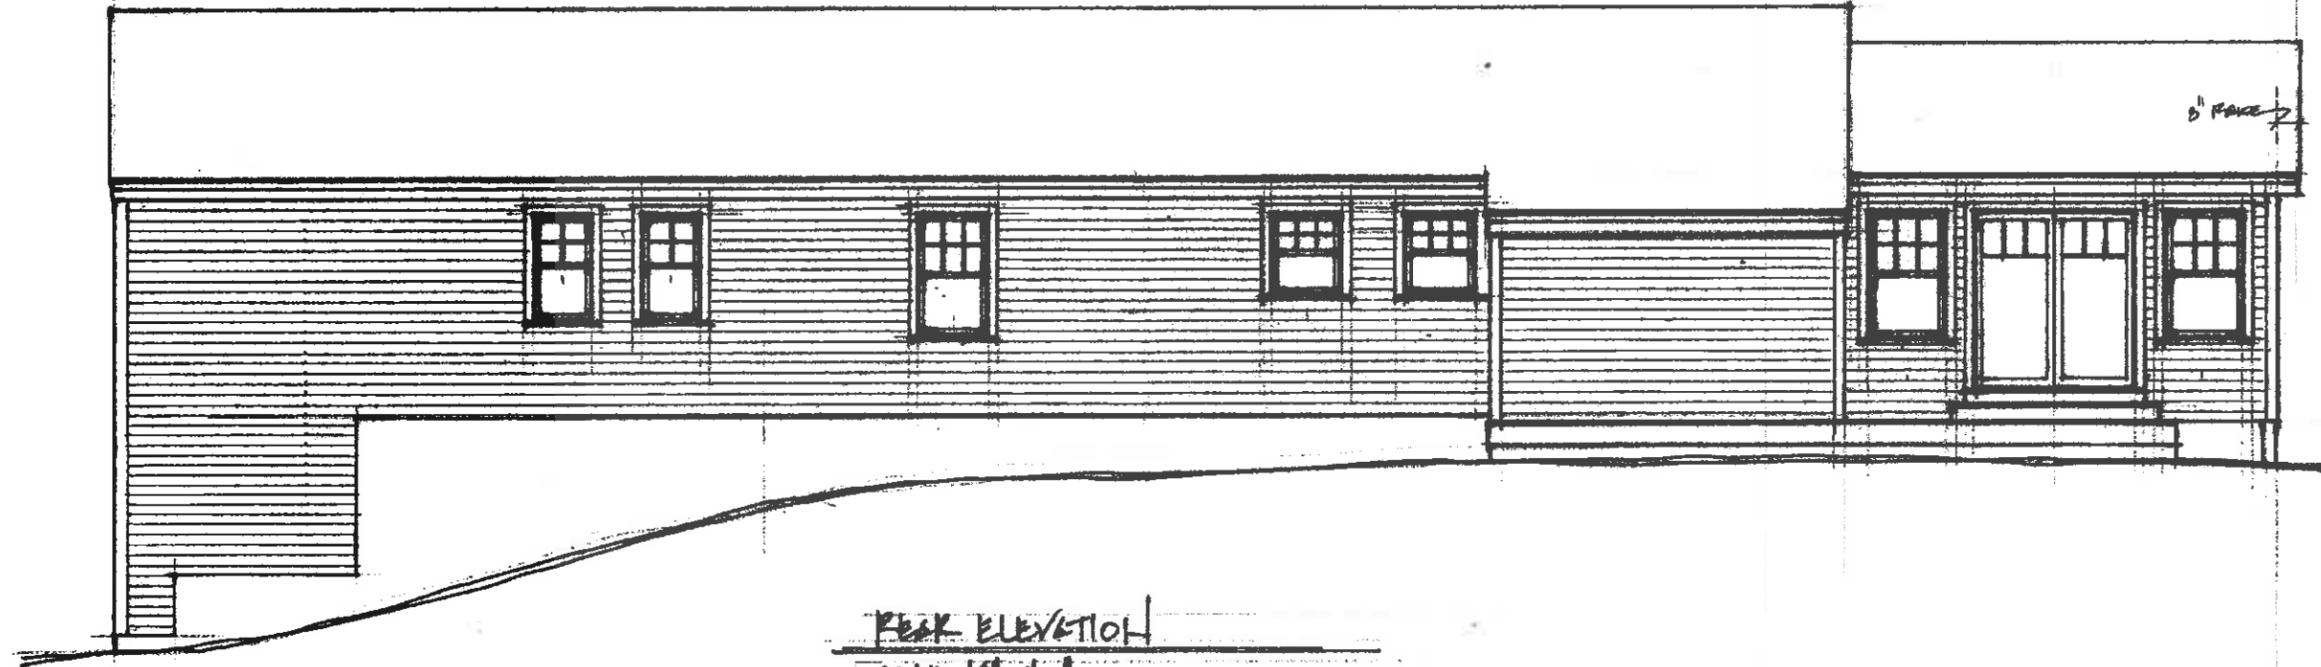

a. Roof	APA rated sheathing EXP 1, 24" o.c. span rating
b. Floors	T&G rated "Sturd-Floor" EXP 1, 18" o.c. span rating (glue and ring nail to floor framing members as noted)
c. Walls	APA rated sheathing EXP 1, 18" o.c. span rating
 4. Rough Hardware:

a. Steel items	Comply with ASTM 17 or ASTM A36
1.	Use galvanized metal at all exterior locations
b.	Install joist and beam hangers capable of supporting the maximum allowable load of joist or beam being supported.
c.	Hurricane anchors shall be used when required by Local codes.
1.	Anchor truss/rafter to wall plate below at all truss/rafter locations.
2.	Anchor upper floor to wall below at 4'-0" o.c.
3.	Anchor main floor wall to foundation wall wood treated sill plate at 3'-6" o.c.
4.	At cantilevered floor, anchor each floor joist to wall above and the wall or foundation wall sill plate.
- B. Provide "Gang-Lam" glue laminated veneer beams or equal, of the dimensions and number indicated on drawings. Fasten multiples together in strict accordance with manufacturers' recommendations.
 1. Allowable stresses:

a. modulus of elasticity	2,000,000 psi
b. flexural stress allowable	3,100 min
c. horizontal shear stress	285 psi
d. bearing allowable	750 psi
- C. Unless otherwise noted, provide double header joists and trimmers at all floor openings. In addition, provide one row of 1x3 wood cross bridging or metal cross bridging per joist span.
- D. Stair construction to consist of 4-2x12 stringers, 5/4" hardwood or 3/4" plywood treads, and 1/2" thick pine risers, unless entire staircase fabricated by component manufacturer.
- E. All wood plates bearing on concrete or masonry shall be pressure treated and installed over 6 mil stabilized polyethylene.
- F. Unless otherwise noted, provide 3-2x10 headers at all exterior openings.

THERMAL AND MOISTURE PROTECTION

- A. Damp-proof foundation walls at all excavated areas (from footing to finished grade) with one coat of polymer modified asphalt liquid or by code approved method.
- B. Provide thermal building insulation at all assemblies adjacent to exterior or unheated spaces meeting the requirements of governing codes and, unless otherwise noted, meeting the following minimum requirements:
 1. Walls: glass fiber batts, R-21 in 2x6 stud wall cavity
 2. Ceilings: glass fiber batts or blown-in, R-36 minimum
 3. Floors: glass fiber batts, R-30 minimum over unheated space
- C. Roofing shall be minimum 235# composition shingles over 15# fiberglass impregnated building paper. Provide 38" wide starter course of "ice & water shield" (bituthane) at all soffits and in valleys and on entire roof area if pitch is 4" per foot or less.
- D. Siding shall be as shown on drawings.
- E. Provide approved corrosion-resistant flashing shall be applied shingle-fashion in a manner to prevent the entry of water into the wall cavity or penetration of water to the building structural framing components.
- F. Provide attic and roof ventilation as required by governing codes and as shown on drawings. Provide appropriate soffit and roof venting to insure 1" minimum clear channel from soffit to ridge.

PROPOSED RENOVATIONS 21 COUNTRYSIDE DRIVE NASHUA, NH,	DATE: FEB 1, 2010 REVISED: FEB 7, 2010 MARCH 6, 2010	4
---	--	---

DOORS AND WINDOWS

- A. Exterior doors (including house to garage) unless otherwise noted, shall be 1-3/4" thick metal or fiberglass clad insulated units as specified by owner/contractor.
 - 1. Provide doors and sidelights of the size, type and design as shown on drawings.
 - 2. Glazing in doors and sidelights shall be double-pane insulated glass.
 - 3. Provide tempered glass as required by governing codes.
- B. Sliding glass doors and exterior French style or Patio doors shall be double-pane insulating tempered glass.
- C. Interior doors, unless otherwise noted, shall be specified by builder.
- D. Windows shall be specified by builder. All window glazing, unless otherwise noted, and glazing in exterior doors shall be double-pane insulating glass R-1.82 or better minimum, and provide tempered glass as required by governing codes.

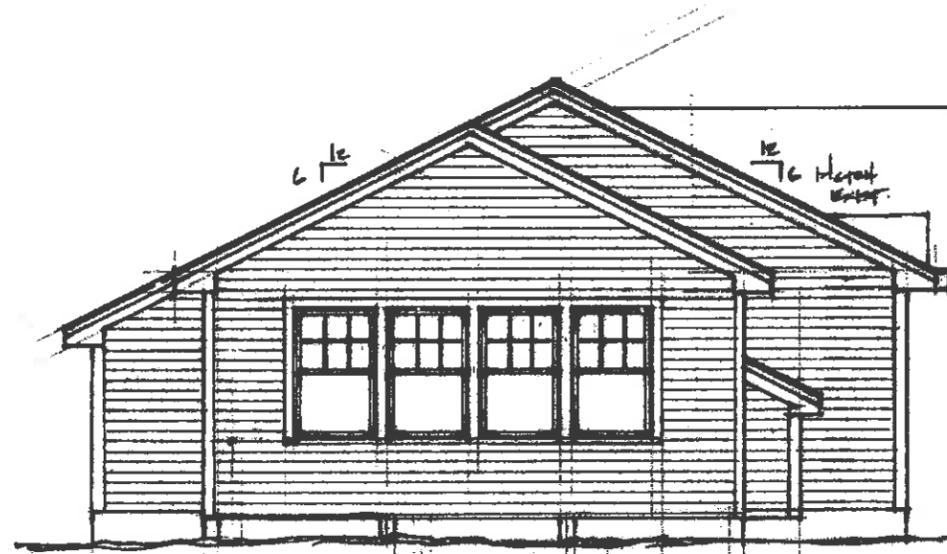

PLUMBING, MECHANICAL, AND ELECTRICAL

- A. All plumbing, mechanical, and electrical equipment and fixtures shall be specified by owner/contractor.
- B. Design and installation of plumbing, mechanical, and electrical equipment shall be the responsibility of the appropriate licensed contractors.
- C. Electrical service panels shall be minimum 20 circuit, 200 amp. Vary with all sub-contractors and Local Building code.
- D. All HVAC equipment shall be individually switched.
- E. Provide and install ground-fault circuit-interrupters (GFI) as required by the National Electrical Code (NEC) and meeting the requirements of all governing codes. All outdoor receptacles, bath, and garage receptacles shall be provided with ground-fault circuit protection.
- F. Provide and install locally certified smoke detectors as required by the National Fire Protection Association (NFPA) and meeting the requirements of all governing codes.
- G. Dryer vent to be extended to the exterior.

FINISHES

- A. Gypsum wallboard to be screwed to supporting members and, unless otherwise noted, shall be provided as follows:

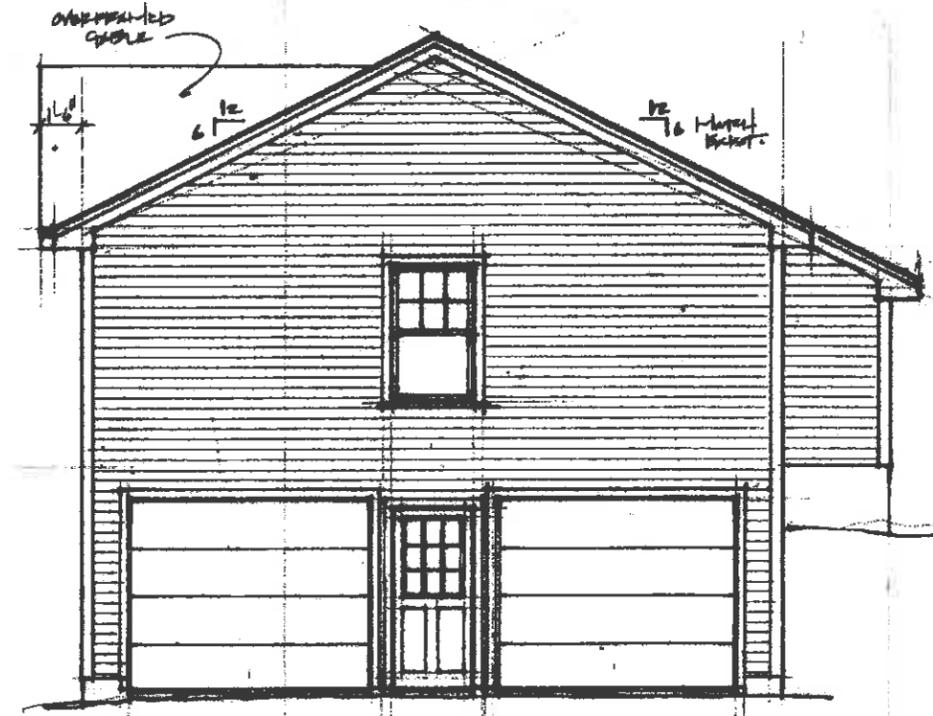

Exterior walls;	1-layer 1/2" regular wallboard to interior face
Interior partitions;	1-layer 1/2" regular wallboard each side
Ceiling;	1-layer 1/2" regular wallboard, finish per builder
Garage;	1-layer 5/8" type "x" fire-rated wallboard all walls and ceiling
Bathrooms;	1-layer 1/2" water-resistant wallboard all walls and ceiling surrounding tub and showers and as required by governing codes.
- B. Provide metal corner bead and trim as recommended by gypsum wallboard manufacturers.
- C. Tape, float and sand joints and fasteners with three coats of joint compound as required to obtain a uniformly smooth surface.
- D. All interior detail finishes, unless shown on specific details, are selected per owner/contractor.

Carter,

Attached are the elevations. We are adding to the other side of the house, a much smaller sized room too.

Please let me know if you need any other information.

Thanks, Neil

Hi Neil,

Thanks for the measurements. Would you happen to have an elevation drawing to send over? That would greatly help the Board. Should the Board approve the request, they would tell you right when the case is voted on. I would write out approval letters the next day, and if you give me a contact name/address and email address –I would be happy to email a letter to your bank.

Thanks!!

Carter

CAUTION: This email came from outside of the organization. Do not click links/open attachments if source is unknown.

Carter,

The proposed footprint of the new structure is 26' x 24'. The 26' runs the full width of the house and the 24' measurement is what extends into our current driveway space. It is a two-story structure, the bottom floor being a double car garage and the top floor being a master bedroom with closet and bathroom.

Our bank has moved our loan closing date to May 13th. Assuming we receive an affirmative response to our variance application from the zoning board on May 12th, will we receive official approval of our permit in time for our closing the next day? Our bank said they will accept an official email approval from the City of Nashua.

Thanks,

Neil

Neil,

Can you confirm the size of the proposed garage? And, is it one-story or two? Thanks – appreciate it!

Land Use Code Section(s) Requesting Variances From: _____			

III. PURPOSE OF REQUEST

Answer all questions below. Provide as much information as available to give the ZBA the necessary facts to review your case. Attach additional sheets if necessary. See "Procedures for Filing a Variance" for further information.

- 1. **Granting of the requested variance will not be contrary to the public interest, because:** (The proposed use must not conflict with the explicit or implicit purpose of the ordinance and that it must not alter the essential character of the neighborhood, threaten public health, safety, or welfare, or otherwise injure "public rights.")

The request is for a variance to pave a driveway that existed on the property prior to the construction of the addition to our home.

- 2. **The proposed use will observe the spirit of the ordinance, because:** (The Proposed use must not conflict with the explicit or implicit purpose of the ordinance and must not alter the essential character of the neighborhood, threaten public health, safety, or welfare, or otherwise injure "public rights.")

The request is for a driveway to our home replacing the one that existed prior to our home addition.

- 3. **Substantial justice would be done to the property-owner by granting the variance, because:** (The benefits to the applicant must not be outweighed by harm to the general public or to other individuals.)

The driveway would enable to park our vehicles on the property in a fashion suitable to our neighborhood. Our home is on a town road that experiences a large volume of traffic and parking on the street is not an option. Furthermore, to enhance the beauty of our home and neighborhood, a paved driveway is aesthetically more appealing than a patch of dirt in our front yard.

- 4. **The proposed use will not diminish the values of surrounding properties, because:** (The Board will consider expert testimony but also may consider other evidence of the effect on property values, including personal knowledge of the members themselves.)

The paved driveway would add value not only to our home but to the neighborhood. Our home has high visibility due to its location on a main road and the fact that it sits across the street from our church driveway. Allowing us to pave our driveway as desired would enable us to park our vehicles on our property in such a manner as to not detract from the beauty of the neighborhood.

- 5. **Special conditions exist such that literal enforcement of the ordinance results in unnecessary hardship,** because: (The applicant must establish that because, because of the special conditions of the property in question, the restriction applied to the property by the ordinance does not serve the purpose of the restriction in a "fair and reasonable" way. Also, you must establish that the special conditions of the property cause the proposed use to be reasonable. The use must not alter the essential character of the neighborhood. Alternatively, you can establish that, because of the special conditions of the property, there is no reasonable use that can be made of the property that would be permitted under the ordinance. If there is any reasonable use (including an existing use) that is permitted under the ordinance, this alternative is not available.

Due to the 30 foot wide in our front setback, the current ordinance does not permit us to pave our driveway in a manner enabling us to make full use of our property. We own a camper and the request for variance

would allow us to park it on the side of the house in a way that would not detract from the beauty of the neighborhood. Our goal is make use of what little property we have in a manner that does not detract from

the value of our neighbors homes. We feel it will also add value to our home and it would enable us to finish the upgrade to our home that we started over a year ago this summer. Please consider our request and grant us the variance we request. Thank you.

IV. USE VARIANCE ADDITIONAL INFORMATION

Please answer all questions below that are applicable. Your answers to these questions will allow staff to better understand your request.

- 1. Total number of employees N/A Number of employees per shift N/A
- 2. Hours and days of operation N/A
- 3. Number of daily and weekly visits to the premises by customers, clients, vendors and solicitors N/A
- 4. Number of daily and weekly commercial deliveries to the premises N/A
- 5. Number of parking spaces available N/A
- 6. Describe your general business operations:
This is a residence property and not a business location.

- 7. Describe any proposed site renovations, including, but not limited to – landscaping, lighting, pavement, structural changes, signage, access and circulation:
Once the driveway is paved, we will finish the front/side planting on our home to complete our home renovation project.

I hereby acknowledge that I have read this application and state that the above is correct and agree to comply with all the city ordinances and state laws regulating construction. I understand that only those point specifically mentioned are affected by action taken on this appeal.

3. PURPOSE OF REQUEST

Answer all questions below. Provide as much information as available to give the ZBA the necessary facts to review your case. Attach additional sheets if necessary. Please see "Procedures for Filing a Special Exception" for further information.

a. Describe the nature of your proposal. Please be specific.

WE BOTH HAVING AGING PARENTS THAT HAVE VARIOUS NEEDS. ONE WITH ALZHEIMER/DIMENTIA AND ONE WITH PARKINSONS DISEASE. WE WANT TO BE ABLE TO PROVIDE CARE FOR THEM

b. Does your proposal involve the physical construction or expansion of a structure? Yes No
If yes, describe how the size of the addition (and any existing structure) compares with the physical size of surrounding properties.

ADDITION TO BE 24' X 28' SINGLE STORY. EXISTING HOUSE IS 26' X 50' WITH A TWO CAR GARAGE. SINGLE STORY RANCH SEE PHOTOS ATTACHED.

c. Do you anticipate the need for additional on-site parking space as a result of your proposal? Yes No
If yes, approximately how many square feet of paved or designated parking space will be provide for both existing and proposed usage?

WOULD LIKE TO ADD ONE SPOT FOR PARKING CLOSE TO ADDITION TO MINIMIZE WALKING DISTANCE FOR ELDERLY PARENT. CURRENT DRIVE HOLDS 4 CARS

d. What effects would the requested use have upon surrounding traffic congestion and pedestrian safety?

SHOULD HAVE MINIMAL EFFECT. THERE ARE NO SIDEWALKS ON BIRCHWOOD TO INTERRUPT. CAREGIVER WOULD PARK IN PROPOSED SPOT. ELDERLY PARENT DOES NOT DRIVE

e. What measures will be taken (if any) to insure that your proposal will not impair the integrity or be out of character with the zoning district or immediate neighborhood?

SEE ATTACHED PHOTOS. ALL ADJUTERS ARE SIMILAR STYLE, SINGLE LEVEL RANCH HOMES. TWO OF THEM HAVE DOUBLE DRIVEWAYS.

4. SPECIAL EXCEPTION - ADDITIONAL QUESTIONS

Please answer all questions below that are applicable. Your answers to these questions will allow staff to better understand your request.

a. Total number of employees N/A Number of employees per shift _____

b. Hours and days of operation N/A

c. Number of daily and weekly visits to the premises by customers, clients, vendors, and solicitors N/A

d. Number of daily and weekly commercial deliveries to the premises _____

e. Number of parking spaces available _____

f. Describe your general business operations:

g. Describe any proposed site renovations, including, but not limited to – landscaping, lighting, pavement, structural changes, signage, access, and circulation:

III. PURPOSE OF REQUEST

Answer all questions below. Provide as much information as available to give the ZBA the necessary facts to review your case. Attach additional sheets if necessary. See "Procedures for Filing a Variance" for further information.

1. Granting of the requested variance will not be contrary to the public interest, because: (The proposed use must not conflict with the explicit or implicit purpose of the ordinance and that it must not alter the essential character of the neighborhood, threaten public health, safety, or welfare, or otherwise injure "public rights.")

SEVERAL NEIGHBORS HAVE TWO DRIVEWAYS ALREADY SO IT WILL NOT BE CONTRARY TO PUBLIC INTEREST. SEE ATTACHED PHOTOS OF #1 & #4 BIRCHWOOD DRIVE.
 WE FILL THIS WOULD FIT RIGHT IN. WE DO NOT WANT TO IMITATE THE PARKING SITUATION THAT IS HAPPENING AT #6 BIRCHWOOD. SEE ATTACHED PHOTO.

2. The proposed use will observe the spirit of the ordinance, because: (The Proposed use must not conflict with the explicit or implicit purpose of the ordinance and must not alter the essential character of the neighborhood, threaten public health, safety, or welfare, or otherwise injure "public rights.")

PROPOSED USE DOES NOT THREATEN OR CHANGE THE CHARACTER OF THE NEIGHBORHOOD. IT ALSO DOES NOT THREATEN PUBLIC HEALTH, SAFETY, WELFARE OR PUBLIC RIGHTS.
 THE PROPOSED ADDITION + DRIVE FITS INTO THE CHARACTER OF THE NEIGHBORHOOD.

3. Substantial justice would be done to the property-owner by granting the variance, because: (The benefits to the applicant must not be outweighed by harm to the general public or to other individuals.)

THE BENEFIT OF ALLOWING SECOND DRIVEWAY WOULD ALLOW ELDERLY PARENT TO BE ABLE TO ACCESS ADU LIVING UNIT WITHOUT HAVING TO TRAVEL 60' +/- FROM MAIN DRIVEWAY LOCATED AT OPPOSITE SIDE OF LOT.

4. The proposed use will not diminish the values of surrounding properties, because: (The Board will consider expert testimony but also may consider other evidence of the effect on property values, including personal knowledge of the members themselves.)

ADDITION WILL BE CONSTRUCTED OF SAME MATERIALS AND SAME STYLE OF EXISTING RESIDENCE. ROOF, SIDING + WINDOWS WILL MATCH EXISTING.
 ONCE COMPLETED IT WILL APPEAR AS IT WAS ALWAYS PART OF THE EXISTING HOUSE AND NEIGHBORHOOD

5. Special conditions exist such that literal enforcement of the ordinance results in unnecessary hardship, because: (The applicant must establish that because, because of the special conditions of the property in question, the restriction applied to the property by the ordinance does not serve the purpose of the restriction in a "fair and reasonable" way. Also, you must establish that the special conditions of the property cause the proposed use to be reasonable. The use must not alter the essential character of the neighborhood. Alternatively, you can establish that, because of the special conditions of the property, there is no reasonable use that can be made of the property that would be permitted under the ordinance. If there is any reasonable use (including an existing use) that is permitted under the ordinance, this alternative is not available.

LOCATION OF PROPOSED ADU ADDITION IS AT OPPOSITE END OF THE PROPERTY, AS FAR AWAY FROM EXISTING DRIVEWAY AS POSSIBLE. THE ADDITIONAL DRIVEWAY IS REQUIRED TO EASE THE ACCESS FOR ELDERLY PARENT. EXISTING DRIVE WOULD REQUIRE ELDERLY PARENT TO WALK 60' +/- TO GAIN ACCESS TO ADU ENTRANCE

IV. USE VARIANCE ADDITIONAL INFORMATION

N/A

Please answer all questions below that are applicable. Your answers to these questions will allow staff to better understand your request.

- a. Total number of employees N/A Number of employees per shift

VARIANCE APPLICATION (ZBA)

PLEASE NOTE: INCOMPLETE OR ILLEGIBLE APPLICATIONS WILL BE RETURNED TO APPLICANT.

This application must be completed and submitted to the Planning Department no later than the dates listed on the Zoning Board of Adjustment (ZBA) schedule sheet. Please print clearly or type.

I. VARIANCE INFORMATION

1. ADDRESS OF REQUEST

Zoning District Sheet Lot

2. VARIANCE(S) REQUESTED:

A use variance is being requested to rezone the property from residential to non-residential. The University intends to sell the property this year to State Farm just across the rotary at 6 Daniel Webster Highway. In turn, the University will purchase the State Farm property for administrative. State Farm will convert this house into a small business administrative agency.

II. GENERAL INFORMATION

Land Use Code Section(s) Requesting Variances From: _____			

III. PURPOSE OF REQUEST

Answer all questions below. Provide as much information as available to give the ZBA the necessary facts to review your case. Attach additional sheets if necessary. See "Procedures for Filing a Variance" for further information.

- 1. **Granting of the requested variance will not be contrary to the public interest**, because: (The proposed use must not conflict with the explicit or implicit purpose of the ordinance and that it must not alter the essential character of the neighborhood, threaten public health, safety, or welfare, or otherwise injure "public rights.")

This proposal is not contrary to the public interest as it is next to Hayward's, adjacent to State Farm and across from the University's main campus.

- 2. **The proposed use will observe the spirit of the ordinance**, because: (The Proposed use must not conflict with the explicit or implicit purpose of the ordinance and must not alter the essential character of the neighborhood, threaten public health, safety, or welfare, or otherwise injure "public rights.")

The proposed use will observe the spirit of the ordinance as the exterior structure will not be changed; exterior enhancements will include painting and landscaping.

- 3. **Substantial justice would be done to the property-owner by granting the variance**, because: (The benefits to the applicant must not be outweighed by harm to the general public or to other individuals.)

Substantial justice will be done to the property owner by granting the variance as State Farm has serviced the community at its current location for 40+ years and wishes to remain embedded in this community.

- 4. **The proposed use will not diminish the values of surrounding properties**, because: (The Board will consider expert testimony but also may consider other evidence of the effect on property values, including personal knowledge of the members themselves.)

The proposed use will not diminish the values of the surrounding properties as the property will undergo cosmetic enhancements. This location previously served as a kindergarten center for several years. State Farm has serviced the community at it's current location just across the street for 40+ years.

- 5. **Special conditions exist such that literal enforcement of the ordinance results in unnecessary hardship,** because: (The applicant must establish that because, because of the special conditions of the property in question, the restriction applied to the property by the ordinance does not serve the purpose of the restriction in a "fair and reasonable" way. Also, you must establish that the special conditions of the property cause the proposed use to be reasonable. The use must not alter the essential character of the neighborhood. Alternatively, you can establish that, because of the special conditions of the property, there is no reasonable use that can be made of the property that would be permitted under the ordinance. If there is any reasonable use (including an existing use) that is permitted under the ordinance, this alternative is not available.

Literal enforcement of the ordinance results in unnecessary hardship as the agency may be forced to move from the community that it has served for over 40 years.

IV. USE VARIANCE ADDITIONAL INFORMATION

Please answer all questions below that are applicable. Your answers to these questions will allow staff to better understand your request.

- a. Total number of employees 3 Number of employees per shift 3
- b. Hours and days of operation M-S 9 am - 6 pm
- c. Number of daily and weekly visits to the premises by customers, clients, vendors and solicitors 10 weekly
- d. Number of daily and weekly commercial deliveries to the premises 5 weekly
- e. Number of parking spaces available 8
- f. Describe your general business operations:

Currently used as residence for University employees. Will be converted to local administrative office for State Farm Insurance Agency

- g. Describe any proposed site renovations, including, but not limited to – landscaping, lighting, pavement, structural changes, signage, access and circulation:

Landscape enhancements, painting, and signage.

I hereby acknowledge that I have read this application and state that the above is correct and agree to comply with all the city ordinances and state laws regulating construction. I understand that only those point specifically mentioned are affected by action taken on this appeal.

\$15 signage fee \$100 recovery fee Date Paid _____ Receipt # _____

190 - 17 B

3. **PURPOSE OF REQUEST**

Answer all questions below. Provide as much information as available to give the ZBA the necessary facts to review your case. Attached additional sheets if necessary. See "Procedures for Filing a Variance" for further information.

1. **Granting of the requested variance will not be contrary to the public interest**, because: (The proposed use must not conflict with the explicit or implicit purpose of the ordinance and that it must not alter the essential character of the neighborhood, threaten public health, safety, or welfare, or otherwise injure "public rights.")

In general the area surrounding the subject property consists of residential properties. The proposed use and density for this 4-unit single family condominium project will be consistent with the surroundings and meets the RA zoning requirements as outlined in the Land Use Code. The layout of the development has been situated to provide a nice residential setting with buffering to the surroundings. This proposal will therefore not have a negative impact on the neighborhood, the public health, safety, welfare or otherwise injure public rights.

2. **The proposed use will observe the spirit of the ordinance**, because: (The Proposed use must not conflict with the explicit or implicit purpose of the ordinance and must not alter the essential character of the neighborhood, threaten public health, safety, or welfare, or otherwise injure "public rights.")

This proposal will rejuvenate the subject property and will create a development that will be consistent with the surroundings, meet the RA zoning requirements and will thereby observe the spirit of the ordinance. The properties "L" shape does not allow for a reasonable conventional style development as it would yield significant land alteration and impacts and would not provide the same level of buffering to the surrounding properties. The proposed layout will be in harmony with the neighborhood and will not threaten the public health, safety, welfare or otherwise injure the public rights.

3. **Substantial justice would be done to the property-owner by granting the variance**, because: (The benefits to the applicant must not be outweighed by harm to the general public or to other individuals.)

Substantial justice will be granted, in recognising the nature of this property, its shape and location in the RA district, its compatibility with the surroundings and its reasonable manor with regards to the proposed density and layout that is sensitive to the surrounding properties. Substantial justice would thereby be done to the property owner by granting this variance as it would allow a reasonable development of the property without any harm to the general public as this proposal would be in harmony with the surrounding properties.

4. **The proposed use will not diminish the values of surrounding properties**, because: (The Board will consider expert testimony but also may consider other evidence of the effect on property values, including personal knowledge of the members themselves.)

The proposed use is consistent and compatible with the surrounding uses and will therefore not diminish the surrounding property values. New construction typically has positive impacts to adjacent land values. Given this we believe this proposal should actually have positive impacts on the surrounding property values.

5. **Special conditions exist such that literal enforcement of the ordinance results in unnecessary hardship**, because: (The applicant must establish that because, because of the special conditions of the property in question, the restriction applied to the property by the

ordinance does not serve the purpose of the restriction in a "fair and reasonable" way. Also, you must establish that the special conditions of the property cause the proposed use to be reasonable. The use must not alter the essential character of the neighborhood. Alternatively, you can establish that, because of the special conditions of the property, there is no reasonable use that can be made of the property that would be permitted under the ordinance. If there is any reasonable use (including an existing use) that is permitted under the ordinance, this alternative is not available.

The proposed use is reasonable due to the special conditions of the property. The subject property is a 0.7+ acre lot with an irregular "L" shape with frontage along Jewell Lane and Amherst Street. The existing dwelling and features along Amherst Street limit development options to the northeast half of the parcel. The most practical proposal for this site is a single family development with a private road, privately maintained in a condominium form of ownership. The proposed use is compatible and in harmony with the surroundings and literal enforcement of the regulations would result in an unnecessary hardship due to the special conditions of the property.

4. USE VARIANCE ADDITIONAL INFORMATION

Please answer all questions below that are applicable. Your answers to these questions will allow staff to better understand your request.

- a. Total number of employees NA Number of employees per shift NA
- b. Hours and days of operation NA
- c. Number of daily and weekly visits to the premises by customers, clients, vendors and solicitors NA
- d. Number of daily and weekly commercial deliveries to the premises NA
- e. Number of parking spaces available 2+ per unit
- f. Describe your general business operations
NA - there is not business operations proposed.
- g. Describe any proposed site renovations, including, but not limited to – landscaping, lighting, pavement, structural changes, signage, access and circulation
This project will include the construction of a private roadway with associated drainage, utility, lighting and landscaping improvements which will be completed and reviewed through the Planning Board approval process.

I hereby acknowledge that I have read this application and state that the above is correct and agree to comply with all the city ordinances and state laws regulating construction.

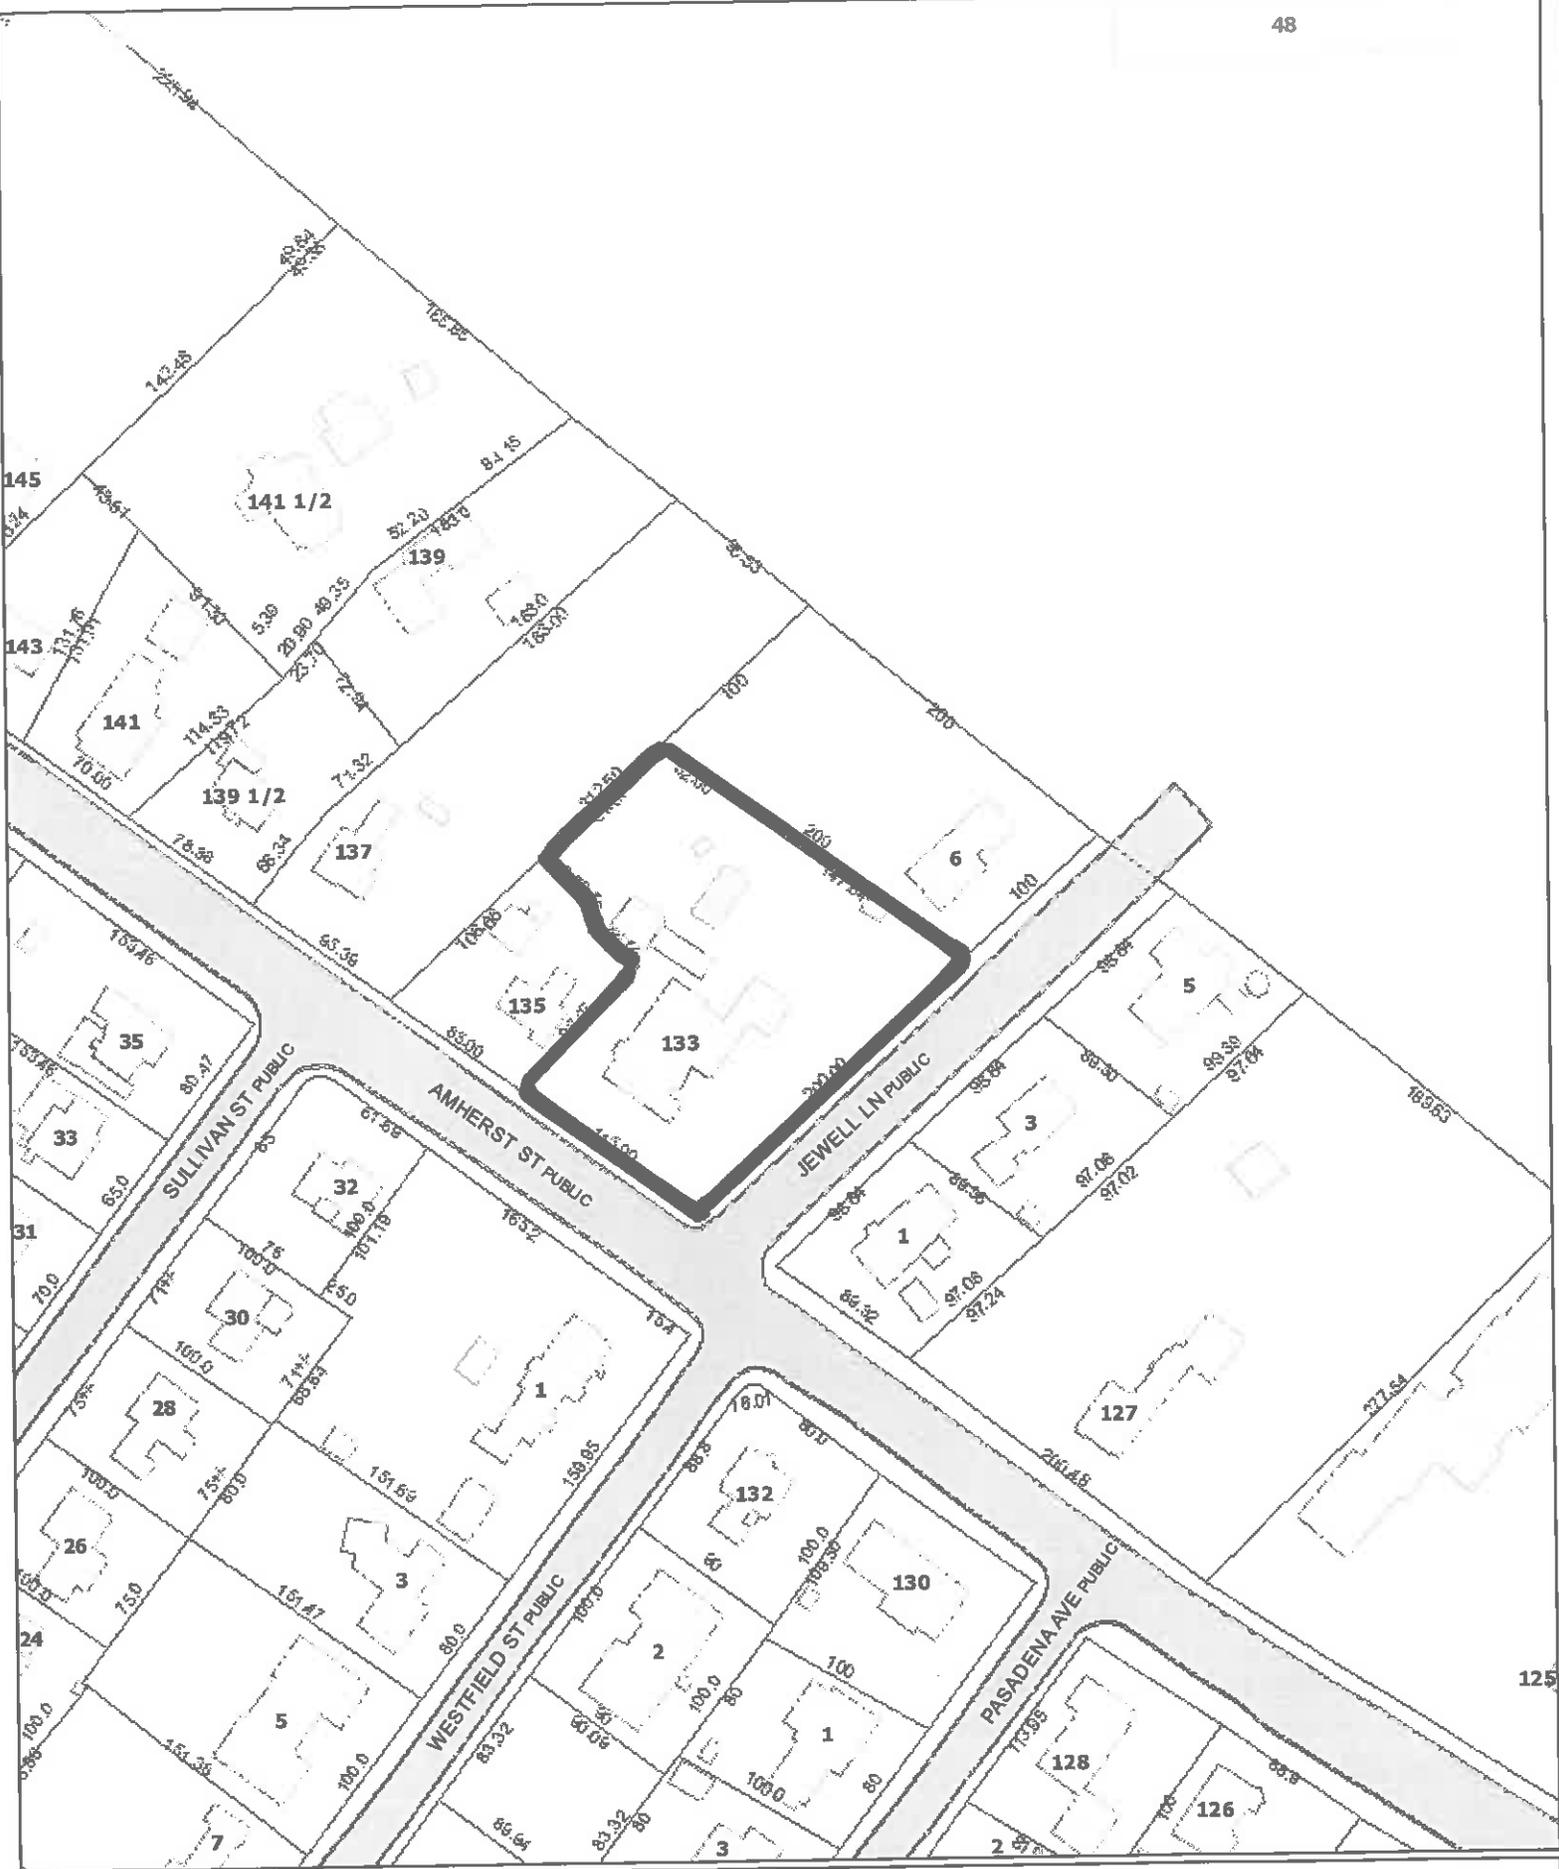

I understand that only those point specifically mentioned are affected by action taken on this appeal.

III. PURPOSE OF REQUEST

Answer all questions below. Provide as much information as available to give the ZBA the necessary facts to review your case. Attach additional sheets if necessary. See "Procedures for Filing a Variance" for further information.

1. Granting of the requested variance will not be contrary to the public interest, because: (The proposed use must not conflict with the explicit or implicit purpose of the ordinance and that it must not alter the essential character of the neighborhood, threaten public health, safety, or welfare, or otherwise injure "public rights.")

DRIVEWAY IS EXISTING TODAY AND WILL NOT
CHANGE PATTERN OF SAID DRIVEWAY

REPAIRING EXISTING DRIVEWAY

2. The proposed use will observe the spirit of the ordinance, because: (The Proposed use must not conflict with the explicit or implicit purpose of the ordinance and must not alter the essential character of the neighborhood, threaten public health, safety, or welfare, or otherwise injure "public rights.")

THIS DRIVEWAY IS CURRENTLY USED FOR 2
CAR PARKING INSIDE GARAGE + OUTSIDE
GARAGE TODAY.

3. Substantial justice would be done to the property-owner by granting the variance, because: (The benefits to the applicant must not be outweighed by harm to the general public or to other individuals.)

OWNERS WOULD BE ABLE TO CONTINUE TO
USE DRIVEWAY AND 2 CAR GARAGE ON
PROPERTY.

4. The proposed use will not diminish the values of surrounding properties, because: (The Board will consider expert testimony but also may consider other evidence of the effect on property values, including personal knowledge of the members themselves.)

NEWLY REPAVED DRIVE WILL ONLY ENHANCE TO
LOOK AND APPEAL OF THE PROPERTY AND
PROPERTY NEXT DOOR. THIS WILL BE A NEWLY
TARRED STRAIGHT SMOOTH SURFACE

Address 39 Scott Ave, Nashua 03062

5. Special conditions exist such that literal enforcement of the ordinance results in unnecessary hardship, because: (The applicant must establish that because, because of the special conditions of the property in question, the restriction applied to the property by the ordinance does not serve the purpose of the restriction in a "fair and reasonable" way. Also, you must establish that the special conditions of the property cause the proposed use to be reasonable. The use must not alter the essential character of the neighborhood. Alternatively, you can establish that, because of the special conditions of the property, there is no reasonable use that can be made of the property that would be permitted under the ordinance. If there is any reasonable use (including an existing use) that is permitted under the ordinance, this alternative is not available.

THIS DRIVEWAY LEADS TO THE TWO CAR GARAGE USED DAILY FOR TWO VEHICLES.

IV. USE VARIANCE ADDITIONAL INFORMATION

Please answer all questions below that are applicable. Your answers to these questions will allow staff to better understand your request

- 1. Total number of employees 0 Number of employees per shift 0
- 2. Hours and days of operation N/A
- 3. Number of daily and weekly visits to the premises by customers, clients, vendors and solicitors NA
- 4. Number of daily and weekly commercial deliveries to the premises NA
- 5. Number of parking spaces available NA
- 6. Describe your general business operations:

Private Property / Home Owners

7. Describe any proposed site renovations, including, but not limited to – landscaping, lighting, pavement, structural changes, signage, access and circulation:

Going to existing layout of Driveway and just Repave it.

I hereby acknowledge that I have read this application and state that the above is correct and agree to comply with all the city ordinances and state laws regulating construction. I understand that only those point specifically mentioned are affected by action taken on this appeal.
