NASHUA ARTS COMMISSION

Submitted by Deanna Hoying 10/11/22:

A brief summary of my meeting with the Nashua cable access folks and Sid Ceaser (9/1/22).

There are 3 channels through this avenue - government, education and public access. Services are free to city residents.

Several options for us to get the word out about the arts plan. Acts as guests on already existing shows (Gate City chronicles was mentioned as a possibility), create our own public access show and access to their bulletin board. From these options a 2-2 1/2 video can be compiled to create our own video. There are likely sources out there for B roll so the entirety of the video wouldn't necessarily come from guesting or creating our own show. This is a studio based approach and they are willing to share resources. They also recommended exploring the City Arts Nashua Youtube page - <https://www.youtube.com/channel/UCypBL2b9Hg23cx-zPf0a6kQ/null> as a possibility for releasing the video.

All of the clips that we use for the entire video can also be broken up to create shorter social media content.

All the best,
Deanna
