| 1.   | Call to Order | Greg Andruskevich | Call to Order: 7:01 pm
March minutes approved.
No Guests
Mark Soucy was not re-appointed |
| 2.   | Park/Rec. | Nick Caggiano | Will be attending a presentation regarding the Emerald Ash Borer insect. MFP is in the area of concern for this invasive insect that destroys Ash trees, which may be in the park. What to look for: “Blonding” on the bark. (Blonding is when woodpeckers flick the bark off the tree to get to the insect.)
Dave Silva asked if there was any active remediation that can be done, Nick stated there is none at this time.
Dick Gillespie stated we honestly don’t know the quantity of Ash trees in the park as we do not have a valid inventory of trees within the park. This is a good argument to fund this type of study to be completed.
Nashaway Chapter Audubon Society will be at the Nashua Public Library May 20, 7-9pm

**Mutt Mitts:** Key issues, the supplied key fits some but not others. 5 of the 8 Mutt Mitt supply boxes are missing from park entrances. Bob Genest will be tasked with resolving this.

**Committee Walkthrough:** Sunday April 19, 2:00 pm Whipple St. entrance.

**Jackets:** Discarded, unnecessary expense.

**Picnic Tables:** All set & ready to place once the thaw is complete.

**Cove Sign:** Brian Edwards checked around the area near 7th street entrance & the overlook but did not find it. We will check the canal once it has cleared of ice. All-out effort to find the sign before buying a new one.

Dick Gillespie reviewed the latest balance of the Cell Tower fund and asked if that included any of the construction cost associated with the red trail boardwalk, Nick stated it did not and after that comes out the balance will be in the range of $150,000. This is the lowest its been in some time, we need to let this build back up and not spend needlessly for the 2015 season.

Dick also inquired about the chemical treatment of the Mill Pond & Canal this year. Nick stated this is a by year as it is recommended to be done every two years. There will also be no water chestnut harvesting performed this year.
