ANALYSIS

This legislation authorizes a stop sign on the southeast corner of Southwood Drive at its intersection with Southwood Drive. At the present time, Southwood Drive splits and each end has a cul-de-sac.

The erection, removal and maintenance of all traffic control devices must conform to applicable state statutes and the latest edition of the Manual on Uniform Traffic Control Devices. RSA 47:17 VIII (a). The Board should consult with the City Traffic Engineer to determine if this ordinance is in compliance.
