ANALYSIS

Ordinance O-11-71 Amended "Establishing downtown parking zones and amending parking meter hours, fees and penalties" was passed by the board of aldermen on June 28, 2011. That legislation enacted broad changes in the downtown parking regulations, by establishing multiple parking zones with different meter hours, time limits and fees. It also changed the parking violation schedule and added authorization for some new locations for parking meters.

This legislation amends that authorization for some new locations for parking meters by rescinding the authority for parking meters on both sides of Temple Street between Cottage Street and Temple Place. The legislation also halts all work related to installing meters at that location while the legislation is pending so no work is performed unnecessarily.
