ANALYSIS

This legislation creates a four-way stop at the intersection of East Stark Street and Wood Street. Currently, only the traffic on Wood Street has to stop. This legislation adds two new stop signs on East Stark Street, making the intersection a four-way stop.

The erection, removal and maintenance of all traffic control devices must conform to applicable state statutes and the latest edition of the Manual on Uniform Traffic Control Devices. RSA 47:17 VIII (a). The Board should consult with the City Traffic Engineer to determine if this ordinance is in compliance.
