ANALYSIS

This resolution would authorize the City to expend \$5,494.19 from the Conservation Fund, Fund #4080, to pay the City portion of an invoice from Boston and Maine Railroad for Northwest Boulevard railroad crossing fees. The road going over the railroad crossing leads to a public access point to the Northwest Conservation Land.

The Conservation Committee, by vote on February 3, 2015, recommended that funds in the Conservation Fund, Fund #4080, be used "to make a one-time expenditure...to cover the railroad crossing maintenance and administrative fees with the stipulation that the city will either accept the road as public or place the fee in the city budget".

NRO §5-118 provides that monies in the Conservation Fund may be expended by the Conservation Commission in accordance with applicable law and ordinances, subject to the approval of the Board of Aldermen. RSA Chapter 36-A provides that money may be expended from the Conservation Fund consistent with the purposes found in that chapter, which broadly includes "the proper utilization and protection of the natural resources" of the city.
