

Main Street Sidewalk Update: July 31, 2015

Good Afternoon,

During the week of July 27, work continued on the Main Street sidewalk project on Block 4, from Eldridge Street to East Pearl Street, and on Block 5, from Eldridge Street to East Hollis Street.

Eight concrete pads were formed and poured on Block 4. A granite planter was installed near the intersection of Eldridge Street and Main Street. Brickwork and plantings continued.

Next week, construction begins on Block 3, between East Pearl Street and Temple Street. Trees will be removed and streetlights will be removed. Asphalt will be saw-cut in preparation for the installation of new curbing. Removal of old sidewalk will begin. Brickwork and plantings will continue.

Our schedule is tentative and subject to change due to weather or unforeseen circumstances. As always, we continue to do our best to limit obstruction of parking and impacts to businesses. We appreciate your patience and support. If you have any questions, don't hesitate to contact Andy Patrician, Operations Manager, on site, or at 589-3140.
