

Main Street Sidewalk Update: June 5, 2015

Good Afternoon,

During the week of June 1st, work continued on the Main Street sidewalk project on Block 4, from Eldridge Street to East Pearl Street on the East side.

Stumps and bollards were removed on Block 4. Curbing and old sidewalk were removed Thursday night. New curbing was installed on Friday. Installation of irrigation and electrical conduit continued on Block 4 at Eldridge Street.

Next week, installation of irrigation and electrical conduit will continue. Installation of control boxes for water and electricity will begin. A granite planter at the corner of Main and Eldridge will be installed. Concrete pads on Block 4 will be formed and poured. Brickwork and plantings will continue on Block 5, between East Hollis Street and Eldridge Street.

Our schedule is tentative and subject to change due to weather or unforeseen circumstances. As always, we continue to do our best to limit obstruction of parking and impacts to businesses. We appreciate your patience and support. If you have any questions, don't hesitate to contact Andy Patrician, Operations Manager, on site, or at 589-3140. Have a great weekend.
