

Main Street Sidewalk Update: June 19, 2015

Good Afternoon,

During the week of June 15, work continued on the Main Street sidewalk project on Block 4, from Eldridge Street to East Pearl Street, and on Block 5, from Eldridge Street to East Hollis Street.

Installation of water and electric control boxes and conduit was completed at Eldridge Street. Two light pole foundations were installed on Block 4, and electrical and irrigation conduit continued on Block 4. Two catch basins were raised. Brickwork continued.

Next week, installation of electrical and irrigation conduit will continue to East Pearl Street. Two tree wells and two light pole foundations will be installed. Paving along the curb on Block 4 will begin. Concrete pads will be formed and poured. Brickwork will continue.

Our schedule is tentative and subject to change due to weather or unforeseen circumstances. As always, we continue to do our best to limit obstruction of parking and impacts to businesses. We appreciate your patience and support. If you have any questions, don't hesitate to contact Andy Patrician, Operations Manager, on site, or at 589-3140. Have a great weekend.
