

Main Street Sidewalk Update: June 26, 2015

Good Afternoon,

During the week of June 22, work continued on the Main Street sidewalk project on Block 4, from Eldridge Street to East Pearl Street, and on Block 5, from Eldridge Street to East Hollis Street.

Installation of electrical and irrigation conduit continued to East Pearl Street. Three tree wells and three light pole foundations were installed. The Parks and Recreation Department planted two trees on Block 5. Paving along the curb on Block 4 was completed. Brickwork continued.

Next week, a granite planter will be installed at Main Street and East Pearl Street. Pedestrian crosswalk lights at East Pearl Street and Main Street will be replaced on Monday. This will require the traffic lights on East Pearl Street and Main Street to be out for about four hours. A police detail will be used direct traffic. Concrete pads will be formed and poured on Block 4 starting at East Pearl Street and working toward Eldridge Street. The remaining trees will be planted on Block 5. Brickwork will continue.

Our schedule is tentative and subject to change due to weather or unforeseen circumstances. As always, we continue to do our best to limit obstruction of parking and impacts to businesses. We appreciate your patience and support. If you have any questions, don't hesitate to contact Andy Patrician, Operations Manager, on site, or at 589-3140. Have a great weekend. Lisa
