

Main Street Sidewalk Update: May 29, 2015

Good Afternoon,

During the week of May 25th, work continued on the Main Street sidewalk project on Block 4, from Eldridge Street to East Pearl Street on the East side.

Street lights were removed. Trees were removed to prepare for curb installation and new plantings. Bollards and stumps were removed. Two catch basins were repaired. Brick work continued. Pavement was cut in preparation for the installation of new curbing.

Next week, removal of stumps and bollards will continue on Block 4. Curbing and old sidewalk will be removed Tuesday night. Installation of new curb will begin Wednesday. Work to install irrigation and electrical conduit will begin on Block 4 at Eldridge Street.

Our schedule is tentative and subject to change due to weather or unforeseen circumstances. As always, we continue to do our best to limit obstruction of parking and impacts to businesses. We appreciate your patience and support. If you have any questions, don't hesitate to contact Andy Patrician, Operations Manager, on site, or at 589-3140. Have a great weekend.
