

Main Street Sidewalk Update: Nov. 14, 2014

Good Afternoon,

During the week of Nov. 10, work progressed on the Main Street sidewalk project on the West side of Main Street.

The City is beginning to wrap up work on the project for this construction season. Brickwork continued. Paving along the curb line was completed. Electrical work for the streetlights continued.

Next week, brickwork and electrical work for the light poles will continue. Final paving of the crosswalk at 100 Main Street will be completed.

Our schedule is tentative and subject to change due to weather or unforeseen circumstances. As always, we continue to do our best to limit obstruction of parking and impacts to businesses. We appreciate your patience and support. If you have any questions, don't hesitate to contact Andy Patrician, Operations Manager, on site, or at 589-3140. Enjoy the weekend.
