

Mid-Week Update

Good Afternoon,

I wanted to provide you with an update of work to be completed for the remainder of the week. Rain continues to be a challenge and we have had to adjust our schedule daily. We poured two pads this morning between Nashua Garden and Castro's and in front of Wingate Pharmacy. This evening, Wednesday, June 12, we will be installing additional curb and inroad lighting on the Main Street Bridge mid-block crosswalk. This work will begin around 7:00 p.m. We will also be pouring 3 concrete pads after businesses close tonight in front of Cardins, Nashua Garden and Castro's. The pads will be passable by the time businesses open on Thursday morning. We will be running conduit and installing a concrete planter for the rest of the week, weather permitting.

We will need to take 3 parking spaces in front of the West side of block 2 this afternoon in order to make room for the concrete truck. Please let me know if you have any questions or concerns.

Thank you for your patience. Lisa
