Plumbing License Requirements and Fuel Gas Fitter Requirements (RSA 153:27)

In accordance with New Hampshire Statute, it is unlawful for anyone to install plumbing or do gas fitting without a license unless they are exempt from the licensing requirements. No one is exempt from the Plumbing and Fuel Gas Code requirements. All installations, regardless of who performs the work, must comply with New Hampshire and Nashua Plumbing and Nashua Mechanical and Fuel Gas Codes.

Code Provisions (2009 IPC)

By whom application is made – Application for a permit shall be made by the person or agent to install all or part of any plumbing system. The applicant shall meet all qualifications established by statute, or by rules promulgated by this code, or by ordinance, or by resolution. The full name and address of the applicant shall be stated in the application. (P106.4)

Suspension or revocation of permit – The code official shall have the authority to suspend or revoke a permit issued under the provisions of this code wherever the permit is issued in error or on the basis of incorrect, inaccurate or incomplete information, or in violation of any ordinance or regulation or any of the provisions of this code. (P106.5.5)

Work commencing before permit issuance – Any person who commences any work on a plumbing system before obtaining the necessary permits shall be subject to 100 percent of the usual permit fee (not to exceed \$250) in addition to the required permit fees. (P106.6.1)
